

WHICH ULTRAGROOVE IS RIGHT FOR YOU?

FEATURES	ULTRAGROOVE™	ULTRAGROOVE™ METAL	ULTRAGROOVE ELECTRIC
ArmorTek vinyl over aluminum panel Powder-coated aluminum extrusion	●		
Durable matte-black powder-coat finish on rigid aluminum panels.		●	●
Retracts into canister at the front of the truck bed.	●	●	●
Low-profile, aerodynamic design saves gas.	●	●	●
The built-in RES™ rail expansion system can quickly be outfitted with racks to carry your recreational gear.	●	●	●
T-slot and rear end caps allow easy access to installation hardware, racks and style bars.	●	●	●
Drain tubes at the front and rear of the rail provide improved water management.	●	●	●
No-drill, clamp-in design for easy installation, (most applications).	●	●	●
Three-year limited warranty.	●	●	●
Hands-free, remote operation.			●
Patented silicon weather hinge provides a tight seal between the aluminum panels.		●	●
Optional manual switch can be mounted in the cab.			●
Electro-magnetic brake locks cover in any position.			●
Electric motor wires to your truck battery.			●
Drive system release lever provides cover operation in case of lost power.			●
Fits over most 5th wheel hitches. (Highest point of the 5th wheel hitch must be 2" below the bed rails)	●	●	●
Lock knob and hand-grip areas are located under and inside the cover to create a streamlined look.	●	●	
Just one turn of the lock knob under the handle allows cover to retract into the canister at the front of the bed.	●	●	
The cover closes with the use of a built-in pull strap and latches down every 12 inches along the rail.	●	●
