

YJ or TJ TAILGATE HINGE DELETE PLATES

13-04-005 YJ Tailgate Hinge Delete Plates

The Poison Spyder TJ or YJ Tailgate Hinge Delete Plates are designed to fit on Jeeps already equipped with Poison Spyder Crusher Corners. If the tailgate has been removed, converted to drop-down, or replaced with a Poison Spyder TrailGate, these plates fill the cutouts in the passenger side Crusher Corner or Trail Corner that are left empty once the tailgate hinges are removed. They are easy to install with the right tools and good mechanical abilities. If you are not confident in your mechanical skills, please seek the help of a professional to perform the installation. Please read through these notes before proceeding with installation.

PARTS LIST

- (1) Tailgate Hinge Delete Plates (2 pieces)
- (4) 5/16-18 X 3/4 SS Flat Head Cap Screw
- (2) 5/16-18 Nylon Insert Lock Nut
- (2) 5/16 Flat Washer

INSTALLATION NOTES

- **Park the Jeep on a flat, level surface** and set the parking brake before beginning. Wear eye protection if any drilling, grinding or sanding is to be done.
- **The hardware provided will attach** the plates into the stock tailgate hinge mounting holes. The holes for the lower plate have a captured nut-plate to thread into. You will use the provided flat washers and lock nuts on the upper plate.

14-04-005 TJ Tailgate Hinge Delete Plates

- **On TJ's, the slightly larger plate** is the lower plate.
- **The plates are made of 6061-T6 aluminum.** They will not rust but may oxidize over time, and will do so faster in salty conditions (seaside, or in areas where roads are salted during winter). For this reason we recommend painting or powder coating them.
- **Test-fit prior to applying paint or powder coat,** in case any minor edge trimming or sanding is needed for proper fitment.
- **Note that these plates are** designed to fit within the hinge cut-outs of Poison Spyder Crusher Corners or Trail Corners. While there is some lee-way afforded by the captured, floating nut plate for the lower plate (and the through-holes for the upper plate may be elongated as necessary), the plates may prove difficult to install in cases where the previous Crusher Corners or Trail Corners installation was significantly misaligned. In these cases, it may be necessary to sand or trim the edge of either the plate or the adjacent edge on the corner, although this may result in a gap at the opposite edge.

WARRANTY

Poison Spyder Customs™ warranties all of the products we sell and distribute for one (1) year from the date of sale. These products will be free from defects in material and workmanship under normal installation, and use. Due to the intended use the powder coat finish is warranted for ninety (90) days. The finish warranty will not cover a product if it has been damaged in any way. Warranty is limited to repair or replacement. Poison Spyder Customs™ does not offer any type of labor or shipping allowance and all warranty claims are subject to inspection by Poison Spyder Customs™.

At the discretion of Poison Spyder Customs™, the products in question can be repaired or replaced when found defective. Prior to any replacement or repair, written authorization must be obtained from Poison Spyder Customs™. Failure to contact us prior to having warranty work preformed will immediately void all applicable warranties; and it is then the sole responsibility of the customer to remit any payment incurred.

The warranty expressed above is the sole warranty of Poison Spyder Customs™, and any other expressed or implied warranties are hereby specifically excluded and disclaimed.
