<sup>1</sup> Smaller covers can be washed at home but commercial washers without agitators provide the best cleaning & rinse.

<sup>2</sup> Warranty is for defects in material, workmanship and against the fabric becoming unserviceable under normal use. We will repair or replace any defective panels after factory inspection.

<sup>3</sup> Due to the unique printing process used, printed fabrics are not warranted against UV fading or abrasion.

Our goal is to offer the widest range of fabrics to meet the needs of our customers. Use the chart above to help select which custom fabric is best suited for the protection needs of the vehicle.

Remember that, by using a cover, you are protecting both the exterior and interior of your vehicle.
